Green Leaves

Anon

The stars are shining, the Moon is clear
In the rustling leaves Nature's voice is clear
The river murmur through Spring and Summer
The song of The Lord and The Lady

Green leaves in the evening breeze
Where the people gather beneath the trees
Priest and Priestess and people joining
To honour The Lord and The Lady

The Earth is singing down here below
While we join in the firelight glow
The chanting rise to the stormy skies
In the praise of The Lord and The Lady

Green leaves in the evening breeze
Where the people gather beneath the trees
Priest and Priestess and people joining
To honour The Lord and The Lady

All powers below and all powers above
Have joined together to bless and love
All Nature blending Their people sending
Their love to the Lord and The Lady

Green leaves in the evening breeze
Where the people gather beneath the trees
Priest and Priestess and people joining
To honour The Lord and The Lady
